The purpose of this workshop is to explore research approaches and interdisciplinary methodologies at the intersection of law and computer science/data science. Our goal is to identify challenges of mutual research, for theoretical and implementation research, and to establish a collaborative community to address them. The format intends to facilitate moderated discussion, where each of the topics will be introduced by two discussion leaders, one from each discipline. Discussion leaders will outline the main research questions and challenges, and how they approached by their disciplines, followed by a roundtable discussion.

**PROGRAM**

10:00 -10:30  Welcoming & Introduction

10:30-12:00  Privacy
Moderator:  Prof. Katrina Ligget, School of Computer Science, The Hebrew University of Jerusalem.
Discussion Leaders:
Prof. Kobbi Nissim, Department of Computer Science, Georgetown University
Prof. Tal Zarsky, Dean of the Faculty of Law, University of Haifa
Prof. Orr Dunkelman, Computer Science Department, University of Haifa
Prof. Michael Birnbaum, Faculty of Law, Tel Aviv

12:00-12:45  Lunch

12:45-14:15  Copyright
Moderator:  Prof. Niva Elkin-Koren, Faculty of Law, Tel Aviv University
Discussion Leaders:
Dr. Roi Livni, Department of Electrical Engineering, Tel Aviv University
Dr. Uri Hacohen, Faculty of Law, Tel Aviv University
Prof. Orit Fichman – Afori, Faculty of Law, College of Management
Prof. Ran Canetti, Department of Computer Science, Boston University

14:15-14:30  Coffee Break

14:30-16:00  Fairness & Concluding Remarks
Moderator:  Prof. Assaf Hamdani, Faculty of Law, Tel Aviv University
Discussion Leaders:
Prof. Yishay Mansour, School of Computer Science, Tel Aviv University
Dr. Amit Haim, Faculty of Law, Tel Aviv University
Prof. Michal Gal, Faculty of Law, University of Haifa
Dr. Guy Rothblum, Department of Computer Science and Applied Mathematics, The Weizmann Institute of Science

April 9, 2024
