EXAMINATION PERIODS AND ASSESSMENT

Luiss Uniqueness – Enquiry-based learning

Luiss Uniqueness is an educational approach which combines academic rigor and practical relevance to equip students with the critical thinking required to solve daily and future challenges. At the heart of the Luiss ethos is its **enquiry-based learning model**, which teaches students how to formulate qualified questions and informed opinions about the complex world in which we live. This unique approach is student-oriented and involves curricular and extracurricular activities that connect students with Luiss university's privileged network of real-world practitioners in business, institutions, and public administration. Via guest lectures, research projects and teamwork, students

experience meaningful learning and see first-hand how to play an active and valuable role in society. The Luiss educational journey is one of investigation, innovation, interaction and interdisciplinarity.

<p>Examination periods</p>	<p>Exams are held after the teaching period and can be oral, written or both. Depending on the area and level, some courses will have two or three examination dates and students can choose the one they prefer.</p> <p>Courses included in the degree programs adopting the enquiry-based model will have two examination dates available in December and January or May and June depending on the semester and study period. Please note that for fully enquiry-based courses students will have to choose just one exam date (even if there are two available). For these courses the students' performance will be continuously assessed throughout the whole semester and will constitute the main component of their final grade. The traditional final exam will account for no more than 30%.</p> <p>The exact examination dates for each subject will be defined about a month and a half before the beginning of the examination session.</p> <p>Students should make their <u>travelling arrangements according to the examination periods.</u></p>
<p>Final assessment</p>	<p>Exams can be taken only on the official dates. Exchange students will take their exams in the same conditions as regular students. Exchange students are NOT authorized to organize their exams individually with their professors.</p>
<p>Proctored Exams</p>	<p>According to the Italian examination system Luiss cannot allow proctored Exams.</p>
<p>Transcript of records</p>	<p>Transcripts of records will be sent by email to the Partner Institutions 4 weeks after the end the examinations periods of each examination session.</p> <p>Luiss University has embraced an eco-friendly policy and hardcopies will be sent only to those partners who explicitly request it.</p>
<p>Grading system</p> <p>30 e lode = excellent 29-30 = very good 27-28 = good 24-26 = satisfactory 18-23 = sufficient < 18 = fail</p>	<p>Individual courses are graded on a scale of 18-30/30. Very brilliant students may be awarded 30 cum laude (30 e lode).</p> <p>The minimum passing grade is 18/30. Grades below 18 are a fail and are not registered.</p> <p>Grades below 18 will not and cannot appear on the transcript of records. In Italy grades below 18 do not exist. Exceptions cannot be made.</p>
